

El - central

Item number: 715520

El - central

The el-central is moist resistant, but place and fit the el-central on a dry and suitable place in the vehicle. Let the connectors point downwards.

Main inlet cabinet 230VAC/16A, 1 DEFA PlugIn inlet, 1 DEFA PlugIn outlet, with PE-N connection.
Only for use with DEFA IT-grid inverters.

Installation

Equipment damage and possible injuries may result from an incomplete understanding of the installation and operation of the el-central. If you are unfamiliar with electrical systems: consult us, a dealer or a licensed electrician.

Maintenance

Check the Residual Current Breaker function once a year.

Item number 715520

1 x DEFA PlugIn inlet
1 x DEFA PlugIn outlet
1 x RCBO (Residual Current Breaker with Over-Current)

Delivered in single packaging.

Specifications

Item number	715520
Voltage [VAC]	230 VAC
Current [A]	16
IP Rating [IP]	44
H/B/D [mm] (ex. connector)	175*85*100
Weight [kg]	0,92
